

SILOSTOP MAX

SILOSTOP MAX has been developed by the creators of the worldwide leading oxygen barrier film. It is an impermeable orange on black film that stops the entry of oxygen into silage. It is 3.15 mill thick and therefore suitable for larger applications.

SILOSTOP is a multilayer, light and very strong silage film, making it easy to handle and apply. It has unique oxygen barrier properties that are proven to be over 100 times more effective than conventional silage sheeting.

DID YOU KNOW THAT

COWS HAVE A SENSE OF SMELL THAT IS 60X STRONGER THAN OURS? IT IS CRUCIAL TO FEED FRESH FORAGE TO ACHIEVE OPTIMUM DM INTAKE.

100x

MORE EFFECTIVE THAN STANDARD PLASTIC COVERS

Benefits of SILOSTOP MAX:

- Surface spoilage is virtually eliminated.
- Reduced labour time as its quick to use, just one layer of plastic film to apply.
- Dry matter loss is reduced by up to 50% in the top 1 metre (3 feet) of silage.
- Aerobic stability is increased by up to two and a half days, so silage on the face and in front of the cows stays fresh and nutrient rich longer.
- SILOSTOP Ultimate Oxygen Barrier Film has been and is continually independently researched and there are many published trials proving that silage DM losses are reduced, aerobic stability is improved and that nutrient levels are preserved at an optimum level.

Product Information

SILOSTOP Max is UV stable but must be protected from physical damage with a SILOSTOP Open Net. Apply black side down onto the silage.

Silage film	Thickness (mil)	Oxygen Transmission Rate O_2 ($cm^3/m^2/24hrs$)
SILOSTOP MAX	3.15	<10
Conventional black or white-on-black PE plastic	5	>300
Conventional PE "cling film"	1.5	>1,000

Product code	Nominal feet	Nominal meters
F710.035	33 x 115	10 x 35
F710.050	33 x 164	10 x 50
F712.035	39 x 115	12 x 35
F712.050	39 x 164	15 x 50
F714.035	46 x 115	14 x 35
F714.050	46 x 164	14 x 50
F716.035	52 x 115	16 x 35
F716.150	52 x 492	16 x 150
F718.150	59 x 492	18 x 150
F720.035	65 x 115	20 x 35
F720.150	65 x 164	20 x 150
F720.150	65 x 492	20 x 150

More sizes are available for this product up to 89 ft wide by 984 ft long.

Please note: SILOSTOP adopts a continuous development programme which sometimes necessitates specification changes without notice. Please contact us for the latest version. Issue no: SILOSTOP Film v3 International 2015.
